

**Possible World  
Game Host Package  
HosPa**

# HOSPA

HosPa is a 3 months self-paced online program to learn how to operate the Possible World Game Platform (PWGP).

Registering for HosPa gives you access to the Possible World Game Platform (PWGP) and you can start learning how to use it.

Within the 3months HosPa package period, you will also take advantage of regular learning opportunities with your peers, or senior Game Hosts. This peer engagement will also help inspire the design and development of your own unique 'Possible World' client experiences.

Your unique 'Possible World' client experiences can be used as a prime for stakeholder meetings and even as a scaffold to sustain your organisation and / or clients improvements over time. The possibilities are endless!

# HosPa

## FEATURES 1/3

### SELF-PACED LEARNING

- 3 months Unlimited Access to the Possible World Game Platform (PWGP).
- Self-learning materials:
  - PW Operation Manual
  - Tutorial Videos
  - Check Lists

# HosPa

## FEATURES 2/3

### FLEXIBLE THEMES

- The role of PWGP is to provide mindset shift experience.
- Mindset shift experience can be integrated into various themes to bring depth in learning.

# HosPa

## FEATURES 3/3

### CO-LEARNING ECO-SYSTEM

The HosPa online program has been designed to encourage learning from each other. There are co-learning and sharing opportunities embedded in the program.

- Regular sharing session
- Game Host CLUB and more

# HosPa

## SAMPLE ACTION PLAN

**1st month**

**2nd month**

**3rd month**

**Get familiar**  
with the platform  
operation

- Get familiar with the platform operation via the Operation Manual and HosPa Online Program.
- Practice often with dummy players, your cohort members and senior game hosts

**Offer Practice Game**  
to your friends and  
family

- Start designing your own program using the PW game element.
- Conduct sessions for newbies who don't know the game and harvest feedback.

**Refine your design**  
a product

- Using all feedback, refine your session design.
- Join P-Lab's PW session to observe and co-host.
- Reach out your potential clients to offer demo sessions.

# EXAMPLE APPLICATIONS

You can utilise this gameplay element to renew existing programmes or create new services. The applications are as limitless as your imagination, from basic one-off workshops to training programmes designed for ongoing client learning processes and, of course, anything in-between.

## Cross Cultural Training

## Sustainability Program

## Cross industry Collaboration

## Leadership Training

## Team Building Training

# DELIVERY MODES

## Full Online Mode

Hosts and participants join a session online.

## Hybrid Mode
